

NEW HAMPSHIRE *outdoors- Woman*

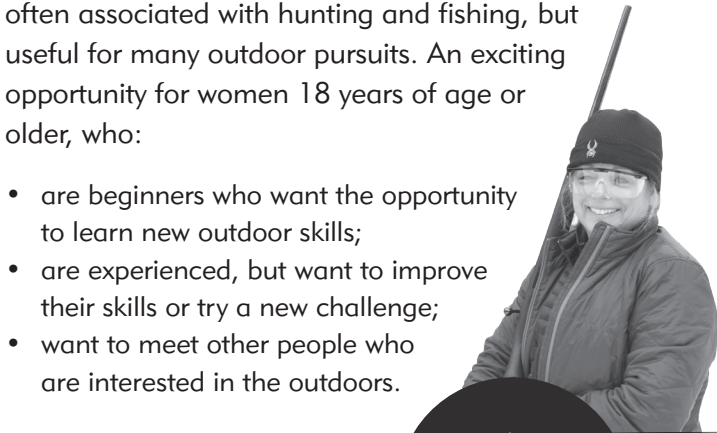

2018 PROGRAMS

Becoming An Outdoors-Woman

A program focused on learning outdoor skills often associated with hunting and fishing, but useful for many outdoor pursuits. An exciting opportunity for women 18 years of age or older, who:

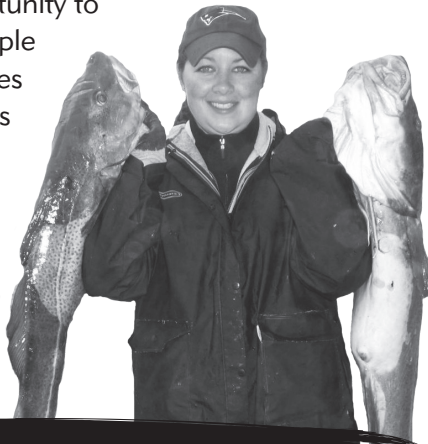

- are beginners who want the opportunity to learn new outdoor skills;
- are experienced, but want to improve their skills or try a new challenge;
- want to meet other people who are interested in the outdoors.

Challenge yourself!

Learn New Skills!

Beyond BOW courses are more in-depth, focus on one topic, and give women the skills to become more independent and able to do the activity outside an organized class. Beyond BOW offers an opportunity to network and find people to share these activities with. The 2018 events are listed at right; check our website at nhbow.com for the latest information.
